

Recipe for Play dough

There are numerous recipes out there and I like this one because I find it not be too dry.

1 cup plain flour

1 tbsp oil

1 cup water

½ cup salt

2 tsp cream of tartar

2 tsp food colouring

Pour all dry ingredients together in a saucepan.

Add oil and combine food colouring to water, then add to dry ingredients.

I use a whisk before heating as I find this helps remove lumps and blends the ingredients.

Cook over medium heat constantly stirring until it becomes a thick blob. This is hard work!
Then turn out onto a clean surface and knead into a smooth blob.

When cool, store in a zip lock bag to keep it from drying out.
